ITALIAN SHIPS MEET BRITISH, TURN TAIL, AND RUN

Japan And President Roosevelt's Statement

Passive Principle Now A "Positive" One

TOKYO, July 10 (Reuter)—The United States Government has converted the passive defensive principle of the Monroe Doctrine to a "positive" one, declared a Foreign Office spokesman today in connexion with President Franklin D. Roosevelt's statement on Saturday on the Monroe Doctrine.

In respect of the full text of Mr. Roosevelt's statement, the spokesman commented as follows:

"Regardless whether or not of Mr. Roosevelt's statement on the Monroe Doctrine, as made through the White House secretary, Mr. Stephen Early, constitutes a new definition and modification of that doctrine, the fact is not to be disputed that the attitude taken on the question by Mr. Roosevelt and the Secretary of State, Mr. Cordell Hull, shows that the United States Government has converted primarily the passive defensive principle of the Monroe Doctrine to a positive one."

NO EXTENSION WANTED

"Hitherto the Monroe Doctrine has been applied to prevent the extension of the European system of government to the Americas as well as to forestall aggression of an outside power in the Western Hemisphere."

"Now it is claimed that the United States very sincerely believed and maintains that the administration or the ultimate disposition of such islands and territorial possessions should be, and properly, a question to be decided by all the Republics of this hemisphere."

REGIONAL STRUCTURE

"If this is the real attitude of the United States, it naturally coincides with the wider regional structure which has recently been suggested by the Foreign Minister, Mr. Arita. In fact Mr. Roosevelt declared that the United States Government wants to see and thinks there should be an application of the Monroe Doctrine in Eu-

rope and Asia similar to the application of those principles in this hemisphere."

"We cannot help feeling that what Mr. Hull discussed was 'The Monroe Doctrine,' while that on which Mr. Roosevelt dwelt on was 'A Monroe Doctrine' to be applied to all geographical areas, including the Americas. This we wish to take note with special interest."

DISPUTES AND DISPOSITION

"The text of Mr. Roosevelt's statement says: 'Let all of them settle their disputes in Asia and Europe and let all American settle the question of the disposition, administration and supervision of such islands, or other territorial possessions which belonged to the nations conquered by Germany.'

"There is absence of any intention on the part of this Government to interfere in any territorial problems in Europe or Asia. This Government would ask no voice in the disposition of French Indo-China because its place is in the sphere of Asiatic influence."

JAPANESE EXCUSES Navy Was Insulted!

SHANGHAI, July 10 (Reuter)—The action of the Shennan in disregarding the orders to halt was a violation of international law and an insult to the Japanese Navy, alleged a Japanese Navy spokesman tonight.

"For more than an hour, during the trip from Woosung to Garden Bridge, signals were given from watchtowers, patrol-boats and blank shot guns for the ship to stop. And, in one case, a patrol-boat steamed around the Shennan, the captain and crew of the patrol-boat making signals with their hands in close vicinity."

The captain of the Shennan occasionally stopped the engine as though he understood the signal to halt. He obviously tried to disregard the orders given and tried to reach the Bund.

NO COMMENT MADE

The captain said that there was a flowing tide which made it difficult to manoeuvre the ship and steam downriver, but the condition of the tides and channels at the time was clearly known to the Japanese Navy and the words of the captain could not be regarded as anything but mere pretext.

The passengers were taken off this morning in launches sent by Butterfield and Swire (the owners). Late last night a protest was sent from the Japanese Navy to the British Navy with regard to the case.

The disposal of the ship and the munitions is connected with the context of the note, therefore the spokesman was unable to comment in this direction.

The late Governor of Macao—See Page 5.

Evacuation Curtailed

MAINLY DUE TO SHIPPING

LONDON, July 10 (Reuter)—It is learned today that the scheme for the evacuation of British children overseas may considerably be curtailed or entirely postponed for the time being.

If it is necessary to curtail or postpone the Government's evacuation scheme, steps will also be taken to restrict private migration of children in order to avoid the possibility of class privilege.

The curtailment or postponement of the scheme is due mainly to shipping difficulties although there are other considerations which the Cabinet now have under review.

The disposal of the ship and the munitions is connected with the context of the note, therefore the spokesman was unable to comment in this direction.

Storm Brewing For Them

Not Will Of People

NEW-FRENCH CONSTITUTION

NEW YORK, July 10 (Reuter)—Commenting on the new French Constitution, the New York Times says: "It does not express the will of the people even in the depths of the defeat."

"The Charter, to be ratified in the Brand Caudé in Vichy, the scene of so many masquerades, is meaningless as a picture of the present, or as an augury of the future."

"One thing of which we will be sure is that the final successor of the third republic will be the fourth republic."

The destroyer was of the same class as the Espero which was sunk by a British submarine recently.

MINISTRY OF ECONOMIC WARFARE IS SET UP IN CHINA'S WARTIME "SEAT"

CHUNGKING, July 10 (Central)—Among the most far-reaching decisions made by the seventh plenary session of the Central Executive Committee which has just adjourned was the establishment of a Women's Board for the Central Party Headquarters and a Ministry of Economic Warfare for the Executive Yuan, according to an announcement made today.

The seventh plenary session, which opened here on July 1, was formally adjourned on July 8, after a full week's meeting, during which six regular and 14 committee meetings were held, attended by a full quorum of 142 members, headed by Generalissimo Chiang Kai-shek, Chief Executive of the Kuomintang.

A lengthy manifesto, setting forth the objectives for which the session was called and the achievements it had attained, was released today. The manifesto also points to the close relationship between China's war of resistance and world peace.

Generalissimo Chiang, despite his many duties elsewhere, personally attended most of the meetings, and heard reports from the various sub-committees. He was assisted by a presidium of eleven members, including Mr. Wang Fa-chin, Mr. Ting Wei-fen, Mr. Chu Chang, Mr. Yu Yu-jen, Dr. Sun Fo, Gen. Feng Yu-hsiang, Mr. Tai Chi-tao, Mr. Tao Lu, Dr. H. H. Kung, Mr. Chen Hu-n, and Mr. Li Wen-fen, and the veteran Secretary-General, Mr. Yeh Chu-tang.

The latest measures in Rumania include a decree, which orders civilian mobilisation of all farm and forestry workers. Several million women, men who are too old to fight, and boys will also be called up to make sure of ample labour for the harvest.

There are more anti-Semitic measures, and the latest being directed against newspapers.

The Rumanian press has been informed by the Government that it will no longer tolerate Jewish

directors or staff on Rumanian newspapers.

CHUNGKING, July 10 (Reuter)—Japanese aircraft in three groups raided Santal, north-east of Chungking, at noon today.

Although the raiders passed

Chungking on the way to Santal,

no bombs were dropped here,

while details of the bombing of

Santal has not yet been received.

It is feared that another university

suffered damages since the

North-western University (formerly in Mukden) is at present located in Santal.

A LONG WAR

In order to strengthen national

economic administration, it was

also decided at the session that a

Wartime Economic Council be

established, so as to meet the needs

of a long war.

The present Ministry of Economy,

at the same time, will be re-

organized as the Ministry of Indus-

try and Commerce, to devote its

attention to the development of

the nation's industry, commerce,

and mineral resources.

To control and co-ordinate the

political and economic planning

of the nation, a further deci-

sion was made at the session to

establish a Central Planning Board.

This Board will maintain close

contact with a Party and Govern-

ment Work Examination Com-

ENEMY LOSES DESTROYER: "SUB" ALSO MISSING

No Casualties On Our Side

FROM REPORTS REACHING THE COLONY YESTERDAY, IT WOULD APPEAR THAT MR. WINSTON CHURCHILL'S PROMISE THAT IT "WOULD BE ITALY'S TURN NEXT" IS SLOWLY BUT SURELY TAKING CONCRETE SHAPE.

Although the messages that have so far come through do not give all the details of the naval engagement in the Mediterranean, one thing stands out prominently—that the Italians, true to their reputation, turned tail and ran for safety after a short battle.

While London reports that damage was done to one of the Italian capital ships, messages from Rome endeavour to give the impression that the damage was slight and may be repaired in the course of a few days.

It is admitted, even in Rome, that in addition to a destroyer being sunk, an Italian submarine had failed to return from the operations. The Italian ships were supported by planes, several of which, however, were shot down by the British.

CHASE OF ITALIAN SHIPS

LONDON, July 10 (Reuter)—An Admiralty communiqué states that as announced earlier, an action, which quickly developed into a chase of Italian ships, took place between British and Italian naval forces in the Mediterranean.

In the absence of information to the contrary, it must be assumed that the Italian naval forces—at least one heavy unit of which suffered damage—had gained the shelter of their defences.

There are no further details of the engagement but the Commander-in-Chief of the Mediterranean Station signalled that there were no casualties among the ships engaged yesterday.

ITALIAN LOSSES

LONDON, July 10 (Reuter)—An official Italian report states that in a naval battle in the Mediterranean Italian casualties included 29 killed and 69 injured.

It admits that one of their units was reached by British fire, but states the damage could be repaired in a few days.

Although the Admiralty made no mention of the sinking of any Italian ships, the report adds that one destroyer was sunk and one submarine failed to return.

The destroyer was of the same class as the Espero which was sunk by a British submarine recently.

One of the British capital ships obtained a direct hit on an Italian battleship, and the enemy is being pursued.

Another force, based at Malta, carried out a sweep towards Central Mediterranean and this force reports that four enemy aircraft were destroyed and seven others damaged.

AN AIR MINISTRY COMMUNIQUE STATES THAT THIS MORNING ENEMY AIRCRAFT DROPPED BOMBS ON TWO TOWNS ON THE CHANNEL COAST AND A NORFOLK COAST VILLAGE.

NO MILITARY DAMAGE WAS CAUSED IN ANY AREA. SOME HOUSES WERE HIT AND THERE WERE A SMALL NUMBER OF CASUALTIES, INCLUDING A FEW CIVILIANS KILLED ON THE SOUTH COAST.

DOERNER SHOT

LONDON, July 10 (Reuter)—It is officially announced that a Doerner 17 was shot down by Spitfires off the east coast early today.

It is also disclosed that yesterday's German losses totalled nine.

ENGLAND RAIDED

BUT NO DAMAGE WAS DONE

LONDON, July 10 (Reuter)—Several lives were lost and damage was caused in this morning's raid on the Channel coast. An enemy plane flew low and dropped bombs in the residential district.

It is believed that several were also killed in a raid on a Welsh town where, it is understood, anti-aircraft guns shot down one raider.

A south-western town had another daylight raid this morning. Five bombs were dropped and considerable damage in the residential quarter is feared. There were no casualties.

HEINKELS SHOT DOWN

The people of south-west England last night watched three Spitfires fight eight Heinkels. Two of the Heinkels are believed to have been brought down, and the rest put to flight.

An Air Ministry communiqué states that this morning enemy aircraft dropped bombs on two towns on the Channel coast and a Norfolk coast village.

No military damage was caused in any area. Some houses were hit and there were a small number of casualties, including a few civilians killed on the south coast.

DOERNER SHOT

LONDON, July 10 (Reuter)—It is officially announced that a Doerner 17 was shot down by Spitfires off the east coast early today.

It is also disclosed that yesterday's German losses totalled nine.

Fiji Donates Bombers

SUVA, July 10 (Reuter)—The Fiji colonies have decided to donate bombers to the war effort.

The first day donations amounted to £24,000.

DEPLETED LAWN BOWLS PROGRAMME FEATURED BY FINE H.K.F.C. WIN

Carey's Rink Responsible For Police Victory

BY "NO. 1"

After constant rain the whole week, last Saturday turned out to be a bright day but, owing to many saturated greens, the Lawn Bowls programme was again depleted. There were only three matches played in the First Division; one postponement in the Second Division, while only two games were decided in the Third Division.

The best show of the afternoon was put up by the Hongkong Football Club who beat Recreio "B" by ten shots thus breaking their "duck" after eight defeats.

All matches ended as expected except for Taikoo Docks beating Craigengower Cricket Club by the handsome margin of 20 shots in the Second Division.

FIRST DIVISION

Police were at home to Kowloon Docks and beat the latter by a single shot. Carey's rink was mainly responsible for procuring the two points for the Valley men. I understand Kempton gave away ten shots in the last three heads to Carey which was the cause of his defeat by six shots.

Kempton was leading for the major part of the game but Carey crept up slowly mainly due to the creditable play of Perkins (No. 3). Carey was only three behind at the 18th head, out of 11 shots on the last three heads, the Police rink collected ten which gave them victory by six shots 24-19.

Morrison, making his debut as skip, beat Shepherd by five shots. He had a shaky start and was trailing up to the 16th head but, on the next, he brought the score 15-all. He passed Shepherd on the 19th head and did not allow the latter to collect a single shot until he finished, winning 20-15.

The match between Cullen and Fender was very even and resulted in a tie 18-18.

FIRST VICTORY

Hongkong Football Club, playing at home, managed to break their "duck" at the cost of Recreio "B". Duncan secured his first victory against J. E. Noronha by nine shots. He led Noronha all through and won easily by 28-17. Bebbington also had a flying start and was leading B. Basto 20-8 at the 14th head. Basto, with a fine display, reduced the score considerably but the 21st head found him still down by five shots 19-24.

J. E. Basto ran away with an 11-0 lead against Robertson, but conceded ten on the next three heads to lead by a single. The next few heads saw Robertson ahead but Basto rallied and eventually won by four shots, 26-22.

OVERWHELMING WIN

Kowloon Bowling Green Club secured a 13-shot victory over Kowloon Cricket Club. Sheriff's rink was in limelight and had an overwhelming victory over Goodwin's quartette who scored only on six heads. There were no big counts except for one 4 but the scoring was more consistent for Sheriff who won by 13 shots, 21-8. Kern had the better of Hall and led by a small margin the whole afternoon to win 18-15. His was the only visiting rink that finished up.

The game between Adam Holland and E. C. Fischer was on the even side except towards the end when Holland chalked up nine at the last four heads to win 22-19.

SECOND DIVISION

Taikoo Docks, playing on the home green proved too good for Craigengower Cricket Club winning easily by 29 shots. Coates was sent down from the First Division to skip a rink for the first time but did not prove successful in his new position. He was drawn against Munro and scored only on six heads.

Man for man, the Taikoo players were more consistent and this gave them a runaway victory by 26-9.

Lewis, playing on the adjacent rink suffered a similar fate at the hands of Chalmers and collected nine shots on seven heads. The Taikoo rink had no difficulty in piling up 24 shots on 14 heads. Chalmers won by 13. Despite the adversity of the other two rinks, McNeill held his own and fought on bravely to beat Stainton by two shots. McNeill is still holding top position among the skips in the Second Division.

Stainton was leading for the greater part of the game and it was thought possible that McNeill might lose his 10 per cent.

A. F. C. WIN

Kowloon Football Club, enter-

ained the Police and won on all

rinks; Simpson scored an easy

victory over Channing leading all

the way to win 26-11. A similar

feat was performed by Young-

husband on the adjoining rink who

beat J. S. Riddell by 11 shots.

The closest Riddell ever crept up

was at the 13th head when he

was one shot behind but the

scoring from then on was more

regular for the home rink and at

the final head Younghusband was

up 23-12.

V. Chittenden and J. W. Mac-

Donald had a more even tussle

which resulted in a win for the

former by a brace. Chittenden

was down four shots at the ninth

end but pulled up gradually and

passed MacDonald by a shot at

the 20th end to chalk up a 2 on

the last head to win 24-21.

LOWEST SCORE

The lowest score of the after-

noon, in fact the lowest for the

season in the Second Division fell

to the Hongkong Cricket Club who

were playing at King's Park

against Recreio. They were down

on all rinks and proved no match

for the Portuguese who beat them

by 33 shots, a very creditable

margin.

Frank Angus, playing lead, to

Maughan had the better of A. J.

Osmond and put up a splendid

show for the visitors but Maughan

had no opposition for E. de Sousa

and could only manage to score

on seven ends. de Sousa took an

early lead which he carried to the

end with ease. He won by 21-10.

Yet another easy victory was

procured, by Yvanovich over

L. A. R. Duncan who collected his

nine shots at six ends only. There

were no big counts but Yvanovich

Continued on Back Page

TENNIS WILL GO ON

It was learned yesterday that

there is no intention to abandon

any division of the Tennis League.

Owing to the inclement weather

the League programmes have not

been making any progress, espe-

cially the "A" Division, in which

only one match has been played to

date.

The following is the revised "A"

Division schedule:—

All matches of May 20 postponed

to July 15.

All matches of May 27 postponed

to July 22.

All matches of June 3 postponed

to July 29.

All matches of June 10 postponed

to August 6.

All matches of June 24 postponed

to August 12.

All matches of July 8 postponed to

August 19.

All matches of June 17 postponed

to August 26.

Only one match has been played

in this division viz I.R.C. v. H.K.U.

T.C. when the former won by 31

to 34. Hence June 17 to August 26

has been placed last in the new

list.

Any of these matches can be

played on other dates other than above

by mutual arrangement between

the clubs concerned.

AIR BATTLE REPORTED OVER S.E. ENGLAND

Spent Cartridges Fall Like Hail Over Town

LONDON, July 10 (Reuters)—AN AIR BATTLE took place over south-east England yesterday afternoon.

AS SOON AS ENEMY AIRCRAFT crossed the coast from the north-east, they were engaged by fighters out of sight in the clouds. Rapid machine-gun bursts were frequent and spent cartridges came down like hail over a town.

The raiders then flew westwards over another town. Here a dog-fight came into view. British fighters have been attacking the raiders, and finally drove them off southwards.

A southwest town had a daylight raid yesterday afternoon, when a single bomber dropped some bombs.

The extent of the damage is not yet known. The raider flew fairly low and was hotly attacked by guns. Another raider in a higher altitude, dropped some bombs which fell into a field.

At least two were killed and a few injured in an air raid in the Welsh area yesterday afternoon.

DAYLIGHT ATTACKS

An Air Ministry communiqué states:

"Yesterday R. A. F. bombers made daylight attacks on concentrations of enemy barges on the Dutch canals at Zwolle, Hattem and Weest and also near Elbers and Deest. Many barges were sunk, wrecked or set on fire."

"Other aircraft bombed an enemy supply ship in the Danish harbour of Salborg. Our bombers also attacked aerodromes in enemy occupation, at Solingen, and Douai. Aircraft personnel and transport were damaged."

"Aircraft of the Coastal Command attacked and damaged enemy patrol vessels off the Danish coast. All our aircraft returned safely."

"Last night R. A. F. bombers attacked naval bases at Kiel and Wilhelmshaven, where damage was done to oil refineries at Hornburg, and goods yard at Hamm. Aerodromes at Waalhaven, Amsterdam and Brussels were also bombed. One of our aircraft is missing."

SLIPWAY DAMAGED

"Yesterday morning, a formation of our bombers attacked Bergen where an ammunition dump was set on fire, and damage was done to a ship and a seaplane slipway. Another formation of R. A. F. bombers attacked aircraft lined up on the Sola aerodrome at Stavanger."

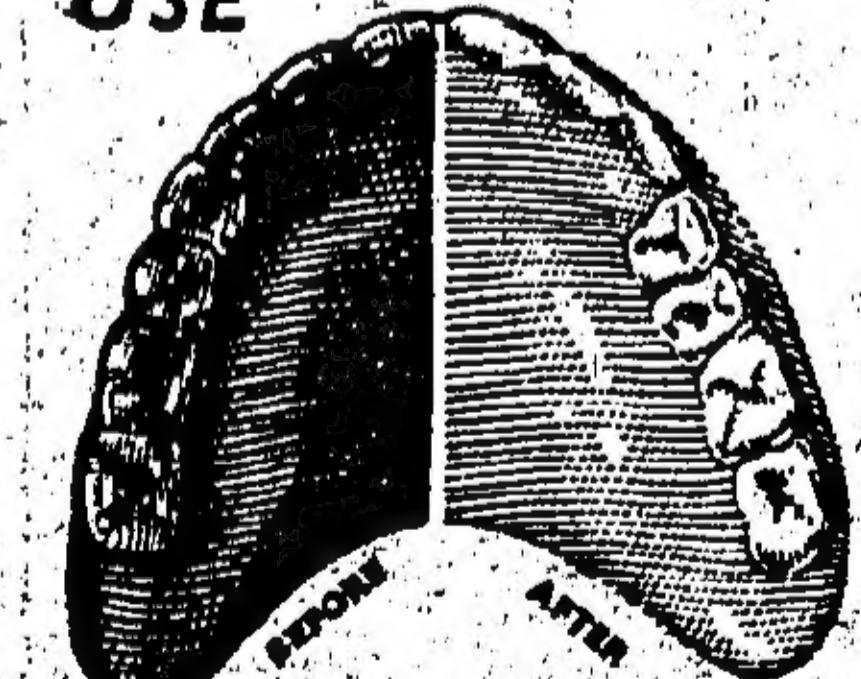

"The attack was pressed home in the face of strong opposition from the enemy fighters and ground defences. One enemy fighter was shot down.

"Seven of our aircraft have failed to return."

TELEKI, CSAKY FOR BERLIN

BERLIN, July 10 (Reuters)—The Hungarian Prime Minister, Count Paul Teleki, and the Foreign Minister, Count Stephen Csaky, have left Budapest for a short visit to Berlin, according to the German News Agency.

FALSE TEETH CLEAN AS NEW AFTER 15 YEARS' USE

Even false teeth engrained with age-old stains can be made clean and fresh as new with Steradent. The amazing effectiveness of this scientific cleaner has been proved by Mr. A. H. who writes: "Some time ago I had to have my false teeth removed. I had to wait 15 years before I could get them replaced. I used Steradent to clean them and they are now as good as new again."

Thousands of people have made the same discovery as Mr. A. H.—False teeth and plates that were once stained and discoloured can be made fresh and clean as new with Steradent. Don't take our word for it. Take your own test.

Simply soak a little Steradent into a glass of warm water, and stir well. Leave your false teeth in the Steradent bath for about 10 minutes. Don't brush. Simply rinse and you'll find that your plates are wholesome and clean—clean where the brush can't reach. Steradent is guaranteed to remove all stains and discolorations.

Call on your local Chemist or Druggist.

Steradent is made by the Anglo-American Chemical Company, 44, St. Martin's Lane, London, W.C.1.

Steradent

SOMETIMES THEY PUNCTURE!

Here is a picture of one of the numerous rubber boats which the Germans are said to be preparing for use in their landing on English soil.

U.S. FLEET NOT MOVING FROM HAWAII

NEW YORK, July 10 (Reuters)—President Roosevelt stated at a press conference yesterday that there are at present no plans to move the United States Fleet from Hawaii to the Atlantic.

The President made this statement following a conference with Admiral Richardson, Commander of the Fleet, who made an unheralded flight from Hawaii to Washington.

CANNOT REFUSE NOMINATION

WASHINGTON, July 10 (Reuters)—President Roosevelt stated at a press conference yesterday parried all questions designed to draw out his views on whether he should stand for a third term as President.

Several hours earlier, Representative Sabath had stated, after a talk with the President, that Mr. Roosevelt was not a candidate for a third term, but that he could not refuse "incumbency that would be given him."

DESERT WAR

Drain On Enemy's Resources

CAIRO, July 10 (Reuters)—Last night's war communiqué states:

"In the Western Desert successful engagement continues of enemy columns trying to take stores and water into the fort at Capuzzo causing a daily drain on the enemy's resources, particularly mechanical transport."

"On the other fronts there is nothing to report."

FRENCH PRISONERS WILL STAY IN CAPTIVITY

LONDON, July 10 (Reuters)—While all French prisoners held by the Axis Powers will remain in captivity, all persons of whatever nationality, who were recently arrested in France for acts favourable to Germany will be released.

The French Armistice Delegation has accepted this order.

4 Japanese Planes Downed In Chungking Raid

CHUNGKING, July 10 (Central)—Four Japanese bombers were shot down by Chinese fighter planes in an air battle near Chungking yesterday when three waves of Japanese aircraft, totalling 54 machines, came to raid the war-time capital.

Chinese fighters swooped down on the enemy planes when the latter reached the city limits. The commanding enemy machine was riddled with machine-gun bullets and the other raiders were forced to break formation.

Over Chenchiachang, two bombs exploded in mid-air being hit and hurled to the ground in flames. Another bomber also exploded over Shanyuanchang and its crew of seven were killed.

The fourth enemy bomber was shot down in the north part of Tienkang, north-east of Chungking.

BADLY DAMAGED

In addition to the four planes shot down, five other machines were badly damaged by Chinese fire, trailing smoke as they flew over Wanhsien, and are believed to have little chance of returning to their base.

All Chinese planes returned to their base safely.

While the air battle was in progress, part of the Japanese bombers succeeded in slipping through the Chinese air cordon and bombed the Chungking suburbs. As a result, about 70 civilians were killed, and maimed while 380 houses were demolished.

A Catholic church at Chihlin-kang also suffered damage.

It is reported that while Chungking was raided, over 10 Japanese bombers attacked Kweiyang dropping numerous missiles in the outskirts.

D.F.C. FOR AIRMAN BORN IN BANGKOK

LONDON, July 10 (Reuters)—ACTING WING COMMANDER JOHN JONAS AETHUR SUTTON, whose father lives in Leeds, has been awarded the Distinguished Flying Cross for gallantry and devotion to duty in air operations.

Wing Commander Sutton was born in Bangkok in 1912.

IMPROVED GAS MASK FILTERS

A new and improved type of filter for gas masks, which will add greatly to their efficacy against the smoke type of gases, will shortly be available in all parts of the country. This was announced by the Ministry of Home Security.

The new filter is in the form of a contained extension, known as a Contex, in a shallow tin box, which is fastened to the end of the existing respirators by adhesive tape.

Large-scale production has been in progress for some time, and supplies have already been sent to the more vulnerable parts of the country. The Contex will be available free for all types of civilian gas masks. Local authorities will inform the public on methods of distribution and fitting.

HOME OFFICE WARNING

If the public continues to neglect the Home Office warning that gas masks should always be carried, some form of pressure, it is understood, may be exerted.

CONN-PASTOR BATTLE FOR AUGUST

Mike Jacob has matched Billy Conn and Bob Pastor to clash on August 13, it was announced by Madison Square Garden officials.

The bout has been scheduled for 10 rounds and will be staged at the Polo Grounds, being the first major open air bout of the season.

As incentive for the bout and to stimulate popular appeal, the winner will be promised a bout with Joe Louis for the world's heavyweight title in September. Jacobs added.

European Settlement Will Be Undertaken Solely By Italy And Germany

ROME, July 10 (Reuters)—The breakdown of the Franco-British alliance can make no difference to the Italian and German claims on France, declares Giornale D'Italia.

The breakdown cannot modify the conditions that France created with regard to the Axis Powers by her past policy and military action. A conquered nation remains such with her political debts to Italy and Germany, and the changing of the European policy cannot change the responsibilities of France, which will have to satisfy the Italian and German demands.

Referring Italian action against Britain, the Giornale D'Italia speaks of the complex tasks of the Italian forces who will have to face the British Naval forces in the Mediterranean, Red Sea, Indian Ocean and the Atlantic, while the air and land forces will have to combat the British on the frontiers of Libya and East Africa.

The official Stewart's Agency in Berlin, in a dispatch, gives comments from the Deutsche Presse Zeitung, following a statement by the German Foreign Minister, Dr. Konstantin von Neurath, concerning that Germany's

FREEDOM IN FRANCE ENDED

LONDON, July 10 (Reuters)—THE French Chamber of Deputies has approved Marshal Petain's new Fascist Constitution yesterday, by 395 votes to 8, showing that the whole business was just a mere formality.

The Bill then went to the Senate and will be presented to the two Houses together sitting as a National Assembly. The same easy passage is expected.

Under the new Constitution, dictatorial terms will be given Marshal Petain, and yesterday's meeting was important, as by it the Chamber of Deputies signed away its own life. The opposition of only three shows that dictatorship is already at work.

The meeting marked the end of long centuries of freedom in France.

COMMAND RELINQUISHED

Reuter learns that General Mittelhauser, the French Commander in Syria, is relinquishing his command.

S.S. AND ENEMY ALIENS

LONDON, July 10 (Reuters)—In the House of Lords today Lord Marchwood, formerly Sir George Penny, will ask the Government whether they will follow the action of the Straits Settlements Government with regard to enemy aliens.

Lord Marchwood said that the Straits Government, while realising that distress and inconvenience may possibly be caused to a certain number of innocent persons, have decided to intern all enemy aliens as they are not prepared to take any unnecessary risk in the present state of world affairs.

Lord Marchwood will also ask whether, if for any reason the British Government consider it understandable to intern them in Britain, they will take steps as soon as possible to arrest and ship them to wherever they will constitute the least danger to the State.

Join the Smart set!
Have healthy, well-groomed hair . . .

USE a little Brylcreem every morning. See how neat it keeps the hair all day. See, too, what a healthy gloss it gives. See how it frees the scalp from dandruff. Millions of smart, well-groomed men use Brylcreem. They like it particularly because it contains no gum or starch and does not "plaster" down the hair. Try Brylcreem yourself!

DEATH OF GOVERNOR OF MACAO

Dr. Tamagnini Barbosa Had Brilliant Career

IT IS WITH PROFOUND REGRET THAT WE HAVE TO RECORD THE DEATH OF HIS EXCELLENCY DR. ARTUR TAMAGNINI DE SOUZA BARBOSA, GOVERNOR OF MACAO.

A Reuter message states that His Excellency died at 7.25 o'clock yesterday morning in the Portuguese Colony after a long ailment. He was 59.

Dr. J. R. Moutinho will act as Governor of Macao.

The passing of Dr. Barbosa came as a great shock to his many friends, both Portuguese and British in Macao and Hongkong.

The funeral will take place at 11 a.m. today in Macao.

His Excellency the Officer Administering the Government, Mr. N. L. Smith, C.M.G., has sent a message of sympathy to the Government of Macao.

THIRICE GOVERNOR

Thrice Governor of Macao, the late Dr. Barbosa became a commanding figure in Portuguese Far Eastern affairs.

Twice a widower, he is survived by a married daughter and five sons one of whom, Master A. T. Barbosa, was accompanying him.

The late Dr. Barbosa returned to Macao on August 9 last year from his official visit to Portugal, where he attended the National Conference in Lisbon, and was given an enthusiastic welcome by the community, both foreign and Chinese. On October 6, Dr. Barbosa opened the new San Raphael Hospital the function being a feature of the celebrations in connexion with the 29th Anniversary of the Foundation of the Portuguese Republic.

Dr. Barbosa had a long association with Hongkong.

In 1918 he passed through the Colony on his way to take up the post of Governor of Macao for the first time. A change of Government in Lisbon, early in 1919, unfortunately led to his recall.

When he reached Macao again in 1928, it was to find an impoverished colony, with a depleted exchequer, and anti-foreign, feeling among the Chinese population. By his tact and frankness, he soon succeeded in gaining goodwill, including that of the authorities of the districts adjacent to Macao and of the Canton provincial government. A strong friendship between himself and many leading Chinese officials was the result. The kindness which he showed to Dr. Sun Yat-sen in the latter's second exile in 1918 was remembered.

VISITED HONGKONG

During his term as Governor from 1928 to 1930, Dr. Barbosa visited Hongkong on several occasions and was always cordially received.

PASSENGERS

ARRIVALS AND DEPARTURES

The following passengers left Hongkong for the South yesterday:

Mr. and Mrs. Geo. Arnold, Mrs. S. Arnold, Mrs. B. M. Childe, Mrs. A. B. Carrie, Miss Joy Carrie, Mrs. Ian Carrie, Mr. Stanley Crum, Mrs. D. S. Driver, Miss V. Fromm, Col. J. G. Gibson, Mr. R. W. Jones, Mrs. E. B. Lee, Miss Joyce Lee, Mr. A. R. J. Lewis, Mrs. G. E. Noronha, Mr. A. H. Walker, Mrs. E. W. Wild.

The following left on a Dutch liner for the South:

Mr. H. D. Bruce, Mr. and Mrs. Burrell, Mr. and Mrs. G. E. H. J. Brunner, Miss H. M. Brunner, Miss A. A. Brunner, Master G. A. Brunner, Mrs. H. Dallinga, Mr. and Mrs. J. B. Iepkjian.

Mrs. J. Kanninga and son, Mr. W. G. Robertson, Mrs. M. Szollosi, Miss H. Szollosi, Mrs. H. N. Thibak, Mr. and Mrs. Vincent A. Wager, Mr. and Mrs. M. St. J. Walsh.

The following booked their passage on the American liner yesterday for Manila:

Mrs. E. M. Wilson and two children, Mrs. W. E. Lewis, Mrs. Thornton, Mrs. T. G. Gandy and daughter, Miss Anthony, Miss J. Villaneva.

Miss G. W. Bohrman, Mr. and Mrs. F. A. Hill, Mrs. J. F. Richmond and daughter, Mr. W. L. L. Barker and son, Mr. W. R. Scott, Miss M. Robles.

The Executive Fund has approved of the project submitted by the National Health Administration for the dispatch of four itinerant medical units to Sikang, the far-flung western province.

Colony Water Storage

The total storage in Island reservoirs as at July 1, 1940, was 2,362,555 million gallons as compared with 2,267,555 million gallons last year, according to the water returns for the month of June. Tytan Tuk storage was 1,406 million gallons compared with exactly the same total last year.

An estimated population of 830,000 consumed 573,52 million gallons as against 550,000 at an average consumption of 34.5 gallons per head per day.

The rainfall recorded during May was as follows:—Botanical Gardens 31.89 ins.; Tytan Tuk 36.25; Tytan 40.60; Wongneichong 36.92; Pokfulam 31.17; Aberdeen 31.46.

THE MAINLAND

A total storage of 3,803.19 million gallons was recorded in the Mainland reservoirs as compared with 3,474.40 million gallons as at July 1, 1939. Jubilee Reservoir had 2,921.00 as against 2,807.70 million gallons last year.

An estimated population of 710,000 consumed a total of 403.99 million gallons as compared with 500,000 for the same period last year at an average consumption of 26.1 gallons per head per day.

JUNE SHOWERS

Rainfall recorded during May was as follows:—Royal Observatory 30.795 inches; Shing Mun (No. 1) 27.47; Shing Mun (No. 2) 29.99; Shing Mun (No. 3) 29.05; Shing Mun (No. 4) 25.14; Shing Mun (No. 5) 24.63; Kowloon 29.96; Shekupui 28.16; Tai Po 23.17; Fanling 27.77; Un Long 24.29; Tai Lam Chung 32.04.

The total rainfall recorded by the Royal Observatory from Jan. 1, 1940, to June 30, was 663.38 ins. as compared with 56.09 ins. during the corresponding period last year.

DEEP REGRET

The acting Portuguese Consul General, Mr. F. P. de Vasconcellos Soares, said yesterday that the Portuguese community in Hongkong would deeply regret his death.

The Roman Catholic churches here have as yet made no arrangements for the holding of Requiem masses for the late Dr. Barbosa.

H.K. SYMPATHY

The following telegram was sent yesterday from the Acting Governor, Hongkong, to the British Consul, Macao:

Please convey to the Government of Macao the deep sense of grief which this Colony feels in the death of Dr. Barbosa.

To me personally the loss of a friend of many years' standing is a very real sorrow.

I shall be glad if you will personally represent me at funeral and furnish a wreath in my name.

SMITH.

Acting Governor.

CONSUL'S MESSAGE

The following telegram was despatched to the Charge d'Affaires, Macao Government, by the Acting Portuguese Consul, Mr. F. P. de Vasconcellos Soares, yesterday:—

"In my name and that of the Portuguese community I present our sincere expressions of profound condolences to the Colony on the demise of their great and beloved Governor, Dr. Barbosa."

DEATH OF MR. W. W. DEAN

The death occurred in Singapore at the General Hospital in his 59th year of Mr. W. W. Dean, for the last nine years secretary of the Singapore Amateur Football Association, and also the Deputy-Malayan Film Censor.

Mr. Dean, who has been ill for some time, was an old Malayan resident coming to this country before the last war.

He came to Singapore about ten years ago and he had since held the post of secretary of the Singapore Amateur Football Association.

Mr. Dean leaves a widow.

FUNERAL OF LATE MRS. REMEDIOS

The funeral took place at the Roman Catholic Cemetery yesterday evening of Mrs. E. E. dos Remedios who, passed away at her residence, No. 8, Humphreys Avenue, Kowloon, Tuesday evening.

The Rev. Father G. M. Spada and Fr. L. Grampa took the funeral service.

The principal mourners were the deceased's son and daughter, Mr. A. M. Remedios and Miss V. Remedios, and her sons-in-law, Messrs. L. G. Remedios, L. A. Carvalho and J. Cotton.

Among those who attended were Messrs. F. X. Soares, C. O. Baptista, R. M. da Silva, L. A. Elarte, C. H. V. Remedios, M. F. Baptista, P. A. Yavnikovich, E. Souza, F. F. Rosario, C. L. Lopez, D. V. Lopez, F. K. Ribeiro, J. G. Rocha, C. H. Osmund, L. V. Antonio, M. Prata, F. Prata, A. M. Prata and A. P. Eça da Silva.

The Executive Fund has approved of the project submitted by the National Health Administration for the dispatch of four itinerant medical units to Sikang, the far-flung western province.

GENERAL

TYphoon Holds Up Clippers

IMPERIAL AIRWAYS SERVICE RESUMED

The severe typhoon located approximately 400 miles due east of Manila, has again delayed the CHINA and PHILIPPINE CLIPPERS, which are now at Guam and Wake bound for Hongkong.

The two Clippers are now scheduled to arrive in Hongkong on Friday, July 12, and Saturday, July 13, departing for Manila the following day.

The severity of the approaching typhoon is evidenced by great concern in the Philippines as to the track it will take in crossing the Islands.

The Honolulu Clipper departed from San Francisco yesterday morning Hongkong bound, and is scheduled to arrive here on Tuesday, July 16.

IMPERIAL AIRWAYS DELPHINUS LEAVES

Imperial Airways resumed full service yesterday.

The Delphinus (Capt. Brunton and F/O Harvey) left Kai Tak yesterday morning taking 44 kilos of mail and 51.2 kilos of freight.

There were three passengers—

Mr. R. S. Macmillan for Bangkok

Mr. White for Calcutta, and Mr. W. Loney for Sydney.

INWARD MAIL

The Imperial Airways plane Delta arrived carrying two passengers including Mr. McKay, from Australia, who is catching the next Clipper to America.

The plane carried 115 kilos of mail from Australia and Singapore.

Capt. Cash was at the controls assisted by First officer J. Samuels.

ROUND THE POLICE COURTS

AT CENTRAL

EUROPEAN CHARGED

Twenty-four hours' remand, for further inquiries to be made was granted when George Percy Clarke, 49, charwoman in the R.N. Dockyard, appeared before Mr. H. G. Sheldon yesterday on a charge of obtaining money by false pretences.

Det-Sgt. J. Bentley, who prosecuted, stated that defendant tried to obtain \$25 from Lam Wai-ching, 30, married woman, by pretending that he was in a position to find work as an apprentice in the R.N.D. for her son.

Lam, in the witness box, said that she had known defendant for a year. In February, she asked defendant to obtain work for her son and he suggested that the boy learn some English and become an electrician.

A few days later he came and asked her for \$25 and promised that if he could not obtain a position for her son he would refund the money.

SNATCHED WALLET

Yung Ming, 27, shop foki, was remanded 24 hours when he appeared before Mr. H. G. Sheldon at the Central Magistracy yesterday on a charge of "snatching a wallet from Joseph Stuberak, machinist, in Hennessy Road on July 13."

It was stated that at about 10.30 p.m. on the day in question the complainant was about to board a rickshaw when defendant snatched the wallet from his pocket.

Defendant ran away but was stopped by two soldiers, Cpl. Brighty and Seppor Johnston, both of the Royal Engineers. In the ensuing struggle defendant slipped and was knocked against a pillar.

The wallet contained \$20 in American money and \$7 Hongkong currency.

BODILY HARM

Charged with inflicting grievous bodily harm on Nau Chuen-tai on July 8, Yung Tam, 31, stone mason, was remanded for 48 hours when he appeared before Mr. H. G. Sheldon yesterday with having loitered near the seawall of the Royal Navy Dockyard.

She was said to have approached within a 100 yards of the sea wall.

The defendant pleaded guilty and was fined \$10, or ten days hard labour. Sub. Insp. McLeod of the Royal Navy Yard Police prosecuted.

AT KOWLOON

Three coolies employed by the Public Works Department on June 24, to pull down a building at No. 1A, Nga Tsin Wai Road, suffered a rude shock when the building collapsed about them before they could make a start on the job. This was revealed yesterday at Kowloon Court.

One of the coolies is still in hospital, Mr. John Dobson, of the P.W.D., told the Court, when Ng Sin-tai, 76, was summoned before the Magistrate for failing to comply with an order to demolish the building.

Mr. Dobson explained that the demolition notice was served on June 15. As it had not been complied with by June 24, he took three coolies to Nga Tsin Wai Road to pull the building down.

The summons was adjourned a week to permit the prosecution seeking advice from a law officer of the Crown as to what compensation for injuries suffered by the coolies could be sought from defendant.

A fight ensued. More foks joined in, and Dalip Singh was alleged to have used his hockey stick while another Chinese got a bamboo pole and hit Dalip Singh.

Besides the two Indians, and one of the foks, a passer-by was also hurt, and all were taken to the hospital.

MINOR MISHAP

Heavy rains caused an unusual accident on Bonham Road on Tuesday night. Motor-bus No. 427, was going towards the Hongkong University, when, all of a sudden, a section of the road caved in, in front of the vehicle. The front wheel got caught in the hole, which was four feet deep. Several passengers received a shaking, but no one was injured.

SUMMER BIBLE CONFERENCE

The third Summer Bible Conference of the Bethel Mission, Munsang College, at 45 Grantian Road, was held yesterday morning.

The chief purpose of the conference is spiritual, when the Bible is studied and the Gospel preached. Having started on July 7 the Summer Bible Conference will last till July 14. Three meetings are held each day, from 10 to 11.30 a.m., 4 to 5.30 p.m. and 7 to 8.30 p.m. British and American missionaries are invited as honorary speakers.

FIRST LORD TELLS HOW FRENCH FLEET WAS DESTROYED

LONDON, July 10 (Reuter)—Mr. A. V. Alexander, First Lord of the Admiralty, asked by private notice at question time to make a statement on the naval situation, was received with cheers as he rose in the House of Commons yesterday to say: "The House will remember that on July 4 the Prime Minister described the painful but very necessary action which had been taken the previous day to prevent units of the French fleet lying in British and north African ports from passing into enemy control."

"Since then the Royal Navy has carried out two further operations designed to increase the security of this country against the use of French warships by the enemy."

"On July 6, a French battle cruiser of the Dunkirk class which had been damaged and driven ashore at Oran was attacked by aircraft and the fleet air arm, which obtained six hits. As a result, this powerful ship will be incapable of effective use for a very long time."

THE RICHELIEU

"Apart from ships thus dealt with, there lay at Dakar, in French West Africa, the 35,000-ton battleship Richelieu which had just been completed and was the most modern and formidable capital ship in the world, and was immediately available for active operations."

"In accordance with the decision announced to the House by the Prime Minister, His Majesty's Government decided that steps must also be taken to ensure that this vessel did not fall into enemy hands in a condition in which she could be used against us."

"BRITAIN DID ALL SHE COULD TO SAVE FRANCE"

NEW YORK, July 10 (Reuter)—The Chicago Daily News says that to save its French ally, Britain had done all she could.

It had sent an expeditionary force and placed it under French Command, thereby making it subject to French errors. It had used a strong portion of its air force in battle for the French.

And, when France, by her own mistakes, was broken, Britain offered to join the Empire with France to continue the struggle from the British Isles, the Dominions, and the British and French colonies.

She even offered to release France from the pledge not to make a separate peace if France turned over her Fleet.

France, or rather not France, but the craven Government formed in France's name, refused. In self-defense, deserted and alone, what other course had Britain, but to act.

For this action Britain had greatly strengthened her position in the minds and hearts of the Americans.

MALTA RAID

MALTA, July 10 (Reuter)—An enemy plane was brought down into the sea, during yesterday's first air raid.

NO CONFIRMATION

LONDON, July 10 (Reuter)—Well-informed Turkish and Soviet circles in London know nothing of the reported Soviet ultimatum to Turkey demanding the control of the Dardanelles.

The report emanated from New York and Athens.

OTTAWA, July 10 (Reuter)

The Minister for Defence announced the mobilisation of the Forestry Corps, composed of 20 companies for Overseas Service.

RIGHT MOMENT

"At the right moment, the depth charges were dropped close under the stern of the warship, as she lay at anchor in shallow water, in order to damage her propeller and steering gear. The motorboat began to withdraw immediately after dropping the depth charges. (Laughter and cheers); but while still in the harbour broke down and lay helpless for a time."

"The crew, however, succeeded in getting one engine running just as they were discovered, and the boat, which was pursued, managed to escape by crossing the harbour defence nets which then fouled its pursuer," (laughter and cheers).

"I am sure the House will join with me in paying tribute to the gallantry and skill with which the operation was carried out. I think it must be obvious to the House that whoever undertook an operation like that ran the risk the whole time of blowing himself up."

"Of the two modern battle-cruisers, one has been driven ashore at Oran and will be out of action for a long time to come. If not permanently. The other managed, as the Prime Minister told the House, to escape and is presumed to have reached Toulon, but only after having been hit by a torpedo, which will immobilise her for some time."

"The state of the Richelieu has been described this afternoon. There remains in addition, only the sister ship of the Richelieu—the

PROTECTION FOR WHITEHALL

Whitehall presents a picture of barbed-wire barricades today with marines on sentry duty at the Admiralty.

TIENTSIN AGREEMENT CLAUSE FOR RELIEF PURPOSES

TIENTSIN, July 10 (Reuter)—The British Consul-General issued the following statement this afternoon:

"The Tientsin Agreement provides for the setting aside of £100,000 worth of silver for the purposes of relief."

"Arrangements have now been completed and the silver will be transferred to the Chartered Bank in the near future, pending final arrangement for shipment abroad for the purposes of sale."

SILVER DELIVERED

TOKYO, July 10 (Reuter)—A despatch from Tientsin states that, in accordance with the Anglo-Japanese agreement for a settlement of the Tientsin issues, part of the holdings of Chinese silver, to the value of £100,000, was delivered to the Japanese yesterday.

The silver will be shipped to Bombay en route to London where it will be placed on the market.

The proceeds are earmarked for the relief of sufferers in the recent North China floods.

It was learned yesterday that a French coaster arrived in Macao from Kwongchowwan on Tuesday and disembarked passengers.

ENGLAND SHOULD NOT GIVE AN INCH TO JAPAN IN APPEASEMENT

LONDON, July 10 (Reuter)—The Dean of Canterbury, speaking at the China Campaign Committee dinner yesterday, declared that Britain should give assistance to China and even now "it would be for our own safety as well as for moral good, to help the Chinese who are engaged in a struggle kindred to our own. England should not give an inch to Japan in appeasement."

The dinner was attended by the Chinese and Russian Ambassadors, and Mr. Quo Tai-chi, in expressing gratification at the presence of M. Malysky said that it was something more symbolic than he might be ready to admit.

Acknowledging "the great contribution Russia has made for the continuance of China's struggle," Mr. Quo Tai-chi said "she has given us great material assistance, without any political conditions whatever."

Within five minutes of an appeal by the Dean of Canterbury for money for the China campaign £36 was contributed.

NO "GREEN LIGHT" FOR JAPAN IN THE EAST

President's Secretary Sets Washington Guessing

WASHINGTON, July 10 (Reuter)—What President Roosevelt meant when his secretary, Mr. Stephen Early, made a statement on the Monroe Doctrine on Saturday, puzzled no place more than Washington, and at his press conference today Mr. Roosevelt is likely to meet a heavy bombardment of questions.

The circumstances of the statement were curious. The President's secretary had undertaken to give the press at Hyde Park the gist of what the President was saying that morning, and gave a statement on the Monroe Doctrine, which, as far as Washington was concerned, was only clouded by Mr. Cordell Hull's very clear statement a few days previously on the same subject.

There are many here who feel that the President may have authorised the statement purely for domestic politics, but many American political observers deprecate such statements which serve only to bog the issue and drive across the State Department's fairly clear line of policy.

WASHINGTON PUZZLED

It is positive that the last thing

A suggestion that Europe and Asia should apply the principles of the Monroe Doctrine as a means of reaching an agreement on the disposal of the possessions of the conquered nations was put forward by Mr. Early in a statement to the press on July 6, and Mr. Early said that he was relaying the President's views.

A.R.P. ORDERS

A.R.P. orders issued by Wing Commander A. H. Steele-Perkins, O.B.E., Director of Air Raid Precautions.

RESIGNATIONS

The following resignations are notified with effect from July 10:—Miss M. P. Chong, resigning from Sector B, Apia St., Post No. 8, on leaving the Colony.

WHEN IT IS AGAINST THEM—

The Japanese Can Rave!

SHANGHAI, July 10 (Reuter)—

An anti-British movement is becoming active in the International Settlement and in the French Concession.

An organisation describing itself as "Eradicate the British League" has issued circulars addressed to British troops, "telling" them to withdraw from Chinese territory at the earliest possible moment.

The circular adds that hesitate to force to effect your expulsion."

MATTER IN ORDER

SHANGHAI, July 10 (Reuter)—

The British steamer, Hsingking, with ammunition from the French Concession at Tientsin for the French Concession in Shanghai, is detained at Woosung by the Japanese.

The Japanese announce that they are filing a very strong protest, claiming that the action contradicts the spirit of the Japanese representations concerning the withdrawal of belligerent armed forces from occupied areas.

However, the owners say that the matter is in order as the ammunition appeared in the manifest and the ship cleared the Japanese authorities at Tientsin.

WARNING ON
RISK OF
AIR INVADERSRifle Guard Alone
Not Enough

A former British Army officer who escaped from Holland stated that in his opinion Britain must prepare at once to deal with Nazi parachute troops, and that infantry armed with rifles would not be sufficient to deal with them, says the Daily Telegraph.

In the first clear picture, from a military point of view, of the fighting in The Hague, he said:

"I heard of no case of a genuine Dutchman fighting against his own people. All the fighting was started by local Germans. These, in time, were supported by parachute troops, who had three main functions:

"To occupy strategic positions such as the aerodromes, in the teeth of previously organised resistance;

"To land in the immediate vicinity of already organised bodies of local Germans, as reinforcements; and

"To divert the attention of Dutch troops in areas of no apparent strategic importance."

TANKS REQUIRED

"All parachutists were extraordinarily well armed and equipped. They carried eight days' rations, sub-machine-guns, and even heavier arms, radio equipment, maps and ammunition. To dislodge them often required infantry with hand grenades, light guns and even tanks."

"Close attention was given to the timetable by which the parachutists were dropped. In one instance a party of 20 was dropped half a mile east of an important military post. When troops had been drawn away to deal with them a much larger party was dropped to the west of the post."

"It should not be difficult to appreciate the possible significance of the landing of large numbers of similarly equipped troops in England or Ireland to pave the way for large-scale direct landings by troop-carrying planes."

DISORGANISATION THREAT

"Such landings could easily create widespread disorganisation and mean the retention in England at a highly critical moment of reserves whose immediate despatch abroad was of the highest importance."

"We require, therefore, not only large numbers of observers and riflemen, but also troops, other than those intended for service abroad, well trained in the use of heavier arms, and even armoured cars, sufficiently mobile to reach danger points before the German defence could become consolidated."

"I suggest that all able-bodied men not required for service overseas should be mobilised to defend this country against parachute troops."

FOR THE THIRD SUCCESSIVE YEAR, CANADIAN TOBACCO PRODUCTION SET A NEW HIGH RECORD WHEN THE 1939 CROP TOTALLED 109,346,000 POUNDS AS AGAINST 101,394,000 POUNDS IN 1938.

FOR THE THIRD SUCCESSIVE YEAR, CANADIAN TOBACCO PRODUCTION SET A NEW HIGH RECORD WHEN THE 1939 CROP TOTALLED 109,346,000 POUNDS AS AGAINST 101,394,000 POUNDS IN 1938.

IF MASS RAIDS ARE
TO BEGINEMINENT BRITISH SCIENTIST
HOPE Nazis Will Use
Gas Bombs

"If the Germans start large scale raids on England I hope they will use gas bombs."

This was the considered view of Prof. J. B. S. Haldane, eminent British scientist and student of air raid defences. He travelled to Spain during that country's civil war to investigate effects of air bombing and means of combatting it on the ground, writes a London correspondent.

Early in the present war, the scientist formally offered himself as a "human guinea pig" to test what bomb blasts do to the human system. He offered to undergo bombing in different types of air-raid shelters to determine their protection value. Upon this topic, little accurately measured scientific data is available—due to the difficulty of obtaining subjects for experimentation.

His offer was not accepted by the Government.

PHYSICAL EFFECT IN AIR

Its physical effect in the air can be roughly measured by its concentration (C), he said, in relation to the time (T) for the gas to take effect. Let (X) represent a person's exposure to the gas C and T form the two sides of a right angle. X is graphically represented by a curved line, the whole forming a rectangular hyperbola.

Thus every exposure above the curved line (X) will represent a death, every exposure below to injury but not death.

Thus for chlorine, with C being 200 parts of chlorine to one million parts of air and T being five minutes, X equals death.

All war gases, except mustard which has no immediate effect, have irritation action upon nose and eyes.

Of 170,000 mustard gas casualties none died of blisters to the skin providing the lungs were unaffected, the Professor said.

Bitter gases and smoke, he said, might be used with poisonous fumes, to cause panic, while certain of the smoke can penetrate masks which while not themselves poisonous are very painful and tend to produce a violent reaction, in which the victim will tear off his mask.

It is a statutory obligation thrown on the Government which they will keep at whatever cost. The money kept in savings banks or in dollars is as good as gold; it will buy the same amount of goods or services as it has always done. There is no cause for panic.

MILITARY SERVICE

Another matter which has been the subject of some comment among the people is the present lack of facilities for military training for Asiatics.

Whilst the Government appreciate and gratefully acknowledge the spontaneous acts of loyalty in all parts of the country, they are convinced that the best that Malaya can do at present is to stick to their jobs, whatever they are (unless, of course, called upon by the authorities for other work) and do their work better and better every day so that Malaya can contribute her share of United States dollars to the mother country, with which to pay for the quantities of arms we are getting from America.

That is the work of Malaya rather than sending troops to Britain at this stage.

It is pointed out that there are adequate men and materials for the defence of the British Isles and of the strategic points in the Mediterranean and the Middle East, and also for the ultimate defeat of the enemy.

It is added comfortingly, great technical difficulties stand in the way of such mixtures.

"Even if the Germans overcome them, it is unlikely that they will use combined smoke-gas against civilians."

BLIND-PROOF SHELTERS

Britain could build blast and splinterproof shelters for all in one month, said Haldane. He explained how in a small trench 15 feet by five feet, a small bomb would have to explode in the trench or within two feet of it to kill the occupants, and a large bomb within 20 feet.

In a trench 30 by five feet, the danger area is five times as great for small bombs and almost as large for large bombs.

Yet, he pointed out, London's public park trenches ignored the elementary precaution of short-trenches, many being 90 feet long, and such simple measures as zig-zagging the trench were likewise overlooked.

LONG IMMUNITY

This remark was pertinent because perhaps from one-half to two-thirds of London's civilian population have ceased to carry respirators with them due to the city's long immunity from raids.

Phosgene, Haldane pointed out, is one of the most deadly non-persistent gases. He described an explosion of 11 tons of phosgene at Hamburg in May, 1938, to support his contention that its deadliness and terror can be overrated.

"This explosion at the docks," he said, "might be considered as equal in effect to a fairly concentrated raid by 10 or 12 planes."

"If mustard gas is used against civilians in England," he estimated, "the percentage of deaths may be higher—due to members of the public not carrying their masks or to their masks being improperly fitted."

DISORGANISATION THREAT

"Such landings could easily create widespread disorganisation and mean the retention in England at a highly critical moment of reserves whose immediate despatch abroad was of the highest importance."

"We require, therefore, not only

large numbers of observers and riflemen, but also troops, other than those intended for service abroad, well trained in the use of heavier arms, and even armoured cars, sufficiently mobile to reach danger points before the German defence could become consolidated."

"I suggest that all able-bodied men not required for service overseas should be mobilised to defend this country against parachute troops."

Finance and Commerce

Ministry Of Agriculture, Forestry Appointments

CHUNGKING, July 10 (Central)—On the recommendation of General Chan Chai-tong, Minister of Agriculture and Forestry, the 472nd meeting of the Executive Yuan, held here yesterday, appointed Messrs. Chang Yuan-feng, Li Hsun-ching, Chao Pao-chuan, Cheng Chi-hui and Liu Kung-chou Directors of the Departments of Agriculture, Forestry, Agricultural Economy, Fishery, and Animal Husbandry and Counsellor respectively.

Formation of the Ministry of Agriculture and Forestry was decided upon by the Supreme National Defence Council at the end of last year. General Chan Chai-tong, formerly Commander-in-Chief of the Kwangtung Forces, was appointed Minister by a National Government mandate on March 15 this year.

General Chan is assisted by Messrs. Chien Tien-he and Lin Yi-chung as Administrative and Political Vice-Ministers respectively, who were appointed on June 11.

Mr. Chien, of Cornell, was formerly Director of the Department of Agriculture and Forestry of the Ministry of Economic Affairs, while Mr. Lin was formerly a member of the Kwangtung Provincial Government, and concurrently Commissioner of Civil Affairs.

Mr. Ou Fang-pu, formerly a member of the Kwangtung Provincial Government, and concurrently Commissioner of Finance, was appointed Director of the Department of General Affairs of the Ministry also on June 11.

Interviewed, Vice-Minister Chien declared that the new Ministry will merge all existing organs

TOBACCO HORNEWORM CONTROL

In the search for an alternative to arsenate of lead in the control of the tobacco worm, the report of the Committee of the Canadian Horticultural Council on horticultural research states that effective control has recently been demonstrated by spraying with synthetic cryolite.

The spray should be mixed, using 8 to 10 lb. of the synthetic cryolite to 40 gallons of water, and should be applied at the rate of 120 gallons per acre on tobacco plants bearing from 18 to 20 leaves per plant.

Ordinarily, one properly timed spraying should be sufficient but in years of heavier infestation a second spraying may be necessary. In any case, the plants should be sprayed thoroughly, as the unfortunate practice of most tobacco growers of driving the sprayer through the tobacco fields too quickly militates seriously against the success of the control.

MARKET REPORT FROM ROZA BROS.

Wednesday, July 10.

The price for Ready Silver was unchanged yesterday but the Forward rate dropped 1/16 to 21.9/16. Silver advices reported the market as being quiet with a small business done. American Silver was quoted at 343/4 for Spot.

The London-New York cross-rate was quoted at 4021/2. New York/London was quoted at 377.3/4.

MARKET

Quiet. STERLING Some business was reported at 1/3 for Cash. The market closed with sellers at 1/231/32 July/August buyers at 1/3 for Cash.

U. S. DOLLARS

Business was reported at 231/2 for Cash. The market closed with sellers at 237/18 July, buyers at 239/16 for Cash.

SHANGHAI DOLLARS

Opened with sellers at 376, resulting in some business at 379. The market closed with sellers at 378, buyers at 379.

SHANGHAI MARKET

Sterling. The market opened with sellers for Spot at 3.15/16. Subsequently the market eased off to 3.59/84 and at the close sellers were again quoted at 3.15/16 for Spot U.S.S. The market opened with sellers for Spot at 6.3/16 and closed with sellers at 6.5/32 for Spot.

U. S. TREASURY BOND ISSUE

NEW YORK, July 10 (Reuters)—The United States Treasury is issuing \$350,000,000 of 2½ per cent. bonds today, when maturities and other details will be disclosed.

The issue will raise the Federal Debt to a new high level of \$47,700,000,000 or within \$1,300,000,000 of borrowing power available for non-military expenses.

FINANCE

£1,000 MILLION VOTE OF CREDIT FOR WAR EXPENDITURE

LONDON, July 10 (Reuters)—In the House of Commons yesterday, Sir Kingsley Wood, Chancellor of the Exchequer, moved a vote of credit for £1,000,000,000 for war expenditure.

Sir Kingsley recalled that on March 13 the House approved of a credit for £700,000,000 over £575,000,000 of this had already been expended.

For the last four weeks the average rate of expenditure directly on the war equalled over £7,500,000 daily of which £8,500,000 was spent on the Navy, Army, Air Force, Ministry of Supply and aircraft production. The remainder was spent on other war service like shipping, food, home security, etc.

These figures, he declared, are further proof of our fixed determination to achieve victory.

The gap between revenue and expenditure is widening. Further contribution from taxation towards the cost of the war must be the highest possible and must soon be made.

It was imperative that we should keep before us the necessity of sound financial effort and be ready to make the necessary heavy financial sacrifice.

The House unanimously agreed to £1,000,000,000 credit and went into secret session on economic warfare.

U.S. AWAKE IS INSPIRING SIGHT

LONDON, July 10 (Reuters)—Broadcasting to Americans last night, Mr. Herbert Morrison, the Minister of Supply, said:

"Our confidence in our ability not merely to hold off a Nazi attack, but ultimately to master it, is partly the measure of our confidence in America's readiness to add her great resources to our own for the destruction of that which menaces her no less surely."

"We are inspired by the sight of America awake and preparing."

"Against the material strength of the European continent organised for aggression, there is only one sure industrial counterpoise, and that is to be founded on the capacity of Britain and the United States."

"You and we must dovetail our resources and our methods. We in Britain believe in our power to stave off and beat back the menace that hangs over us."

LONDON, July 10 (Reuters)—A National Council of Labour meeting last night unanimously expressed opposition to the purchase tax on the ground that it would impose an unfair burden on the poorer section of the community.

ENOUGH FOOD FOR ANY AIR RAID EMERGENCY

Assurance Given By Minister

Britain's food supplies are organised to meet any emergency that may arise from air raids.

This assurance was given recently by the Minister of Food, Lord Woolton. He said he was satisfied that, despite the loss of supplies from Holland and Belgium, there would be sufficient to feed the public even in the event of any air threat to communications.

He did not want, he said, to give the impression that the invasion of Belgium and Holland had hit us seriously. Certain thing would have to be got elsewhere.

They had taken steps to make up to some extent for the loss of condensed milk, and he appealed to allotment holders to make up for the loss in green vegetables. A considerable amount of fresh egg imports had been lost. In 1938 the imports from Holland amounted to 21 per cent. from Denmark 34 per cent. and from Belgium 1 per cent.

BREWING TO CONTINUE

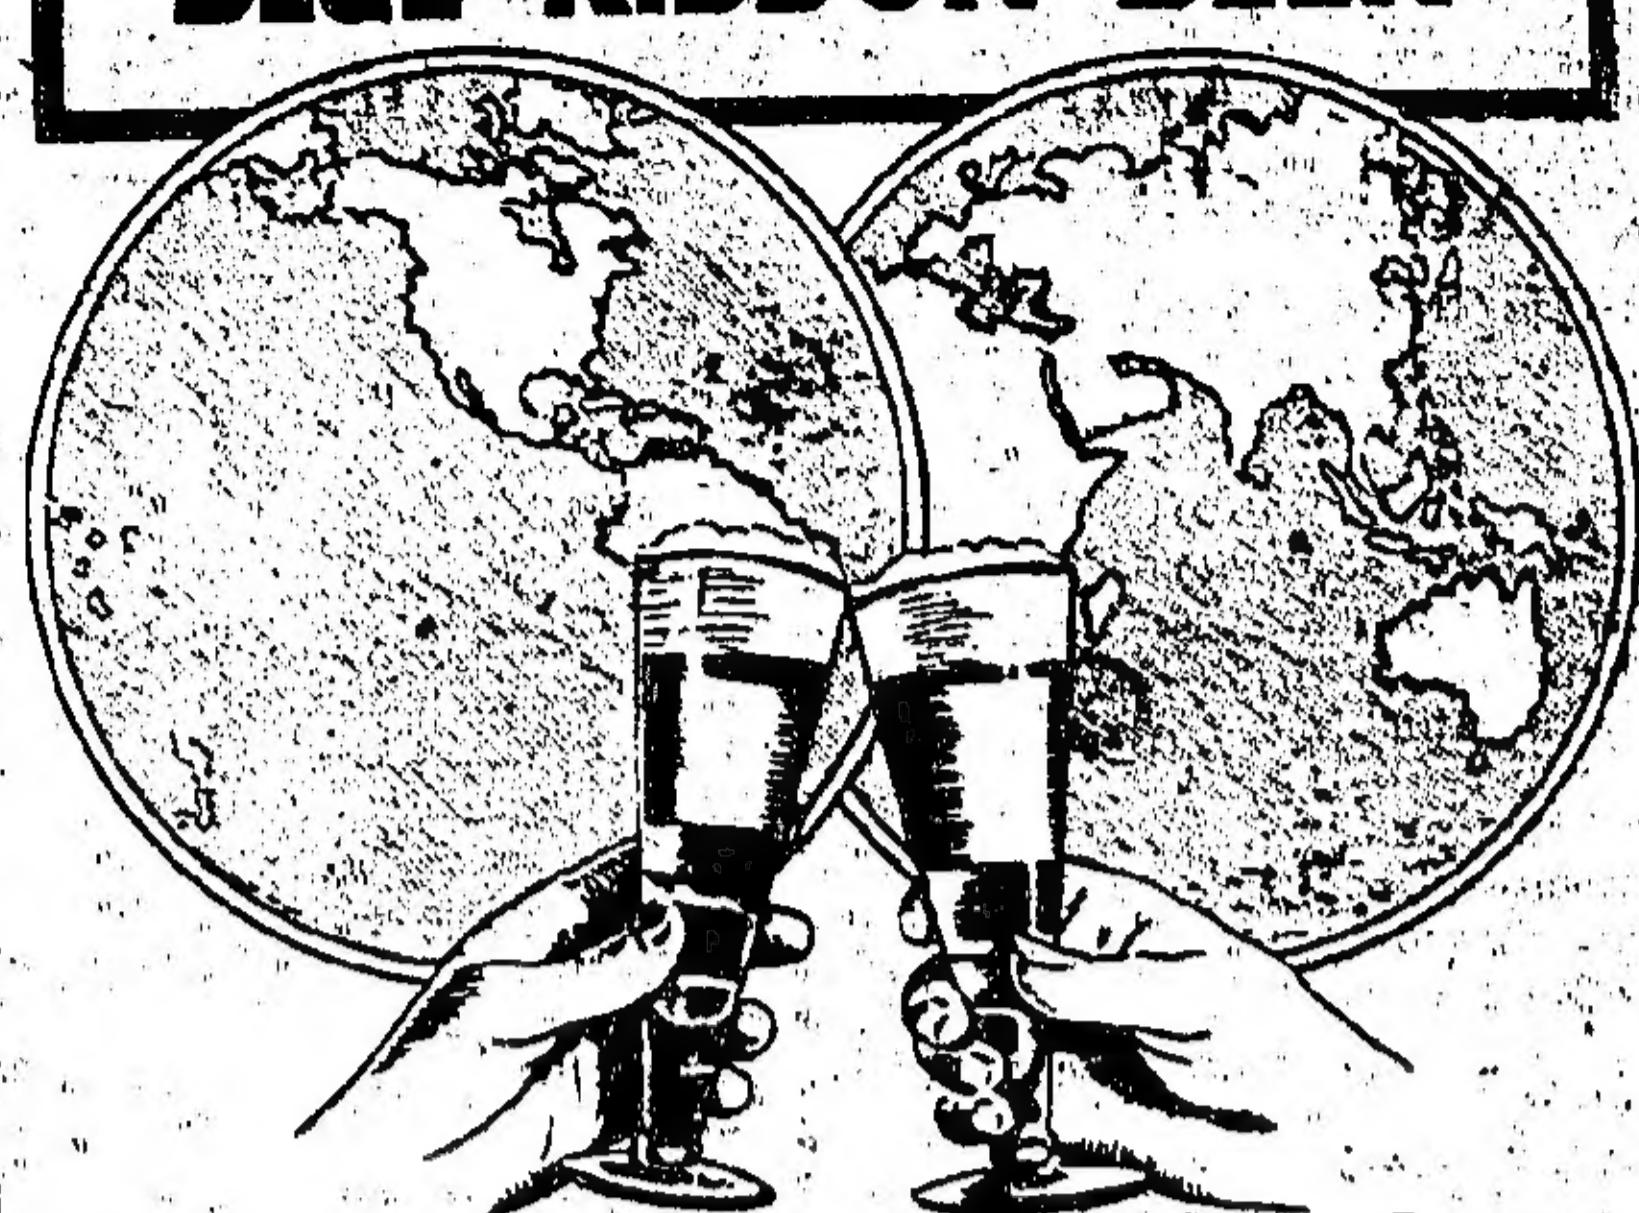

He had no intention of stopping brewing, by the powers given to him by Parliament. A great deal of his correspondence had been from teetotalers who urged that he should do this instead of reducing the sugar ration.

"I have great respect for teetotalers," said Lord Woolton, "but it would be entirely wrong for the Minister whose job is to find the essential foodstuffs to use his powers to introduce social reforms of one kind or another."

Cheese rationing was not contemplated, and so far as butter from Eire was concerned, was entirely a question of price. "I told the Irish representatives that we should be glad to take butter on a commercial basis," he said. "If the Eire farmer can sell in competition with the New Zealand farmer, then we are prepared to buy."

Regarding a national loaf, he said that he was meeting the bakers this week, and was in negotiation with the millers on the extraction of flour. He hoped

PABST BLUE RIBBON BEER

Around the World, its Pabst Blue Ribbon

From the Riviera to Singapore . . . from Buenos Aires to Bombay . . . in the smartest clubs, restaurants and bars as well as in the fine homes . . . you'll find this world-favourite of beers

Because Pabst Blue Ribbon is in a class by itself. The lighter, zester beer for keeners refreshment! Nothin's heavy or soury to slow up its delightfully invigorating action.

And wherever you order Pabst you'll find it always the same. Pure, Delicious, Wholesome. For in every tangy, thirst-quenching drop, we give you Guarded Goodness from Grain to Glass . . . your absolute guarantee of the highest quality that Nature's 95-Year Skill and Modern Scientific Control can produce.

RUMANIAN OIL SHARES

BUCHAREST, July 10 (Reuters)—The Rumanian Cabinet, at a special meeting last night, approved of a decree prohibiting the sale of shares in Rumanian oil companies, except to Rumanian citizens.

This is interpreted as a move to prevent the transfer of such shares abroad.

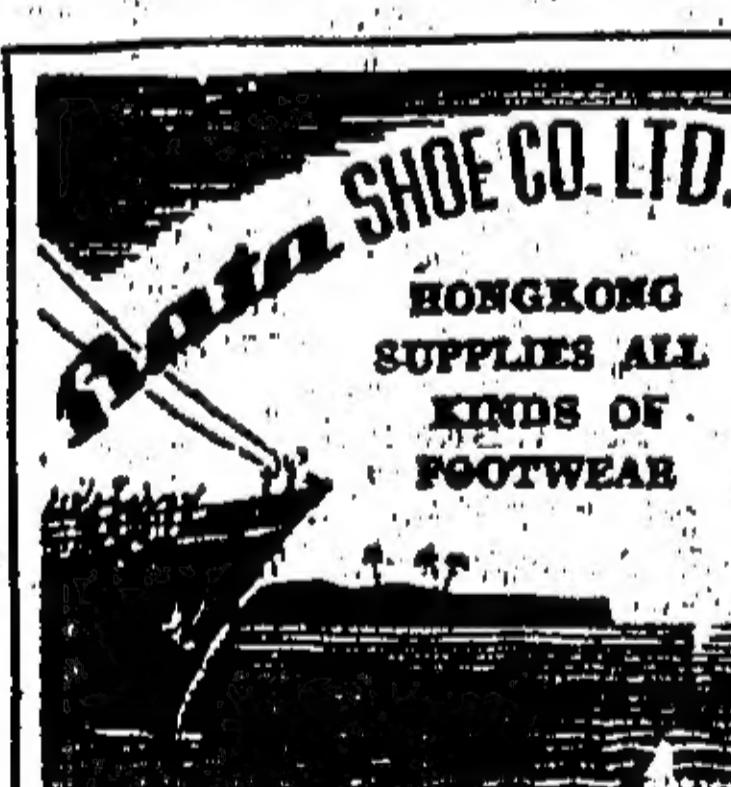

There has been persistent rumours here that British interests have been endeavouring to dispose of their share in Rusa.

LONDON STOCK EXCHANGE

LONDON, July 10 (Reuters)—On the Stock Exchange, gilt-edged securities improved but closed below the level owing to quietness in trading.

Industrials were narrowly irregular. Copper shares were exceptionally steady.

Wall Street was steady.

No Invasion Of The Americas

SPEEDING UP THE DEFENCES

NEW YORK, July 10 (Reuter)—"We are determined that no European nation shall ever invade our shores," declared Mr. Johnson, acting Secretary for War, broadcasting over the Columbia system. Given time, America's unmatched industrial facilities could be converted into a military defence such as the world has never had.

The United States' productive capacity for planes today is 14,000 yearly, and a year from today they hoped to make it 25,000 or more.

Today the regular army numbers 240,000 but in a year from now it will be 375,000 plus the National Guard.

IT'S HARD TO BELIEVE

WASHINGTON, July 10 (Reuter)—Americans find it difficult to believe that the famous French motto, Liberty, Equality, and Fraternity is disappearing, and feeling is freely expressed that the ideal, so deeply engrained in the average Frenchman that France cannot long remain without it.

Unparalleled Military Effort By India

SIMLA, July 10 (Reuter)—Steps have been taken to mobilise India's resources for unparalleled military effort, declared a senior Staff Officer of the Indian Army in a broadcast on India's war efforts.

As a result of previous planning, he added, the production of ordnance and supplementary supplies had been brought to such a high level that almost from the outset of the war India had provided not only the existing military forces with ample quantities of ammunition, light armament and equipment, but also supplied enormous amounts of these items to the Allied forces overseas.

Furthermore, beginnings were made in the production of numerous military requirements not previously manufactured in India, including armoured plating.

Personnel of the Royal Indian Navy had been increased by nearly 200 per cent, and training establishments continue to expand rapidly.

Regarding the Indian Army, although thousands were sent overseas adequately equipped, the strength was now greater than at

CONSIGNEES' NOTICES

NOTICE TO CONSIGNEES

PENINSULAR AND ORIENTAL STEAM NAVIGATION CO. LTD.

STEAMERS ARRIVED HONG KONG

FROM LONDON, GIBRALTAR, MALTA, PORTSAID, ADMIRALTY, COLOMBO AND STRAITS.

CONSIGNEES of cargo by the above-named vessel are hereby informed that their goods have been landed & placed at ADMIRALTY in the Hong Kong and Kowloon Wharf and Godown Company's Godowns at Kowloon where each consignment is being sorted out. Marks by mark and delivery can now be obtained.

Optional goods have been landed here unless instructions were given to the contrary six hours before arrival of the steamer.

Goods not cleared within 8 days (including date of arrival) will be subject to removal.

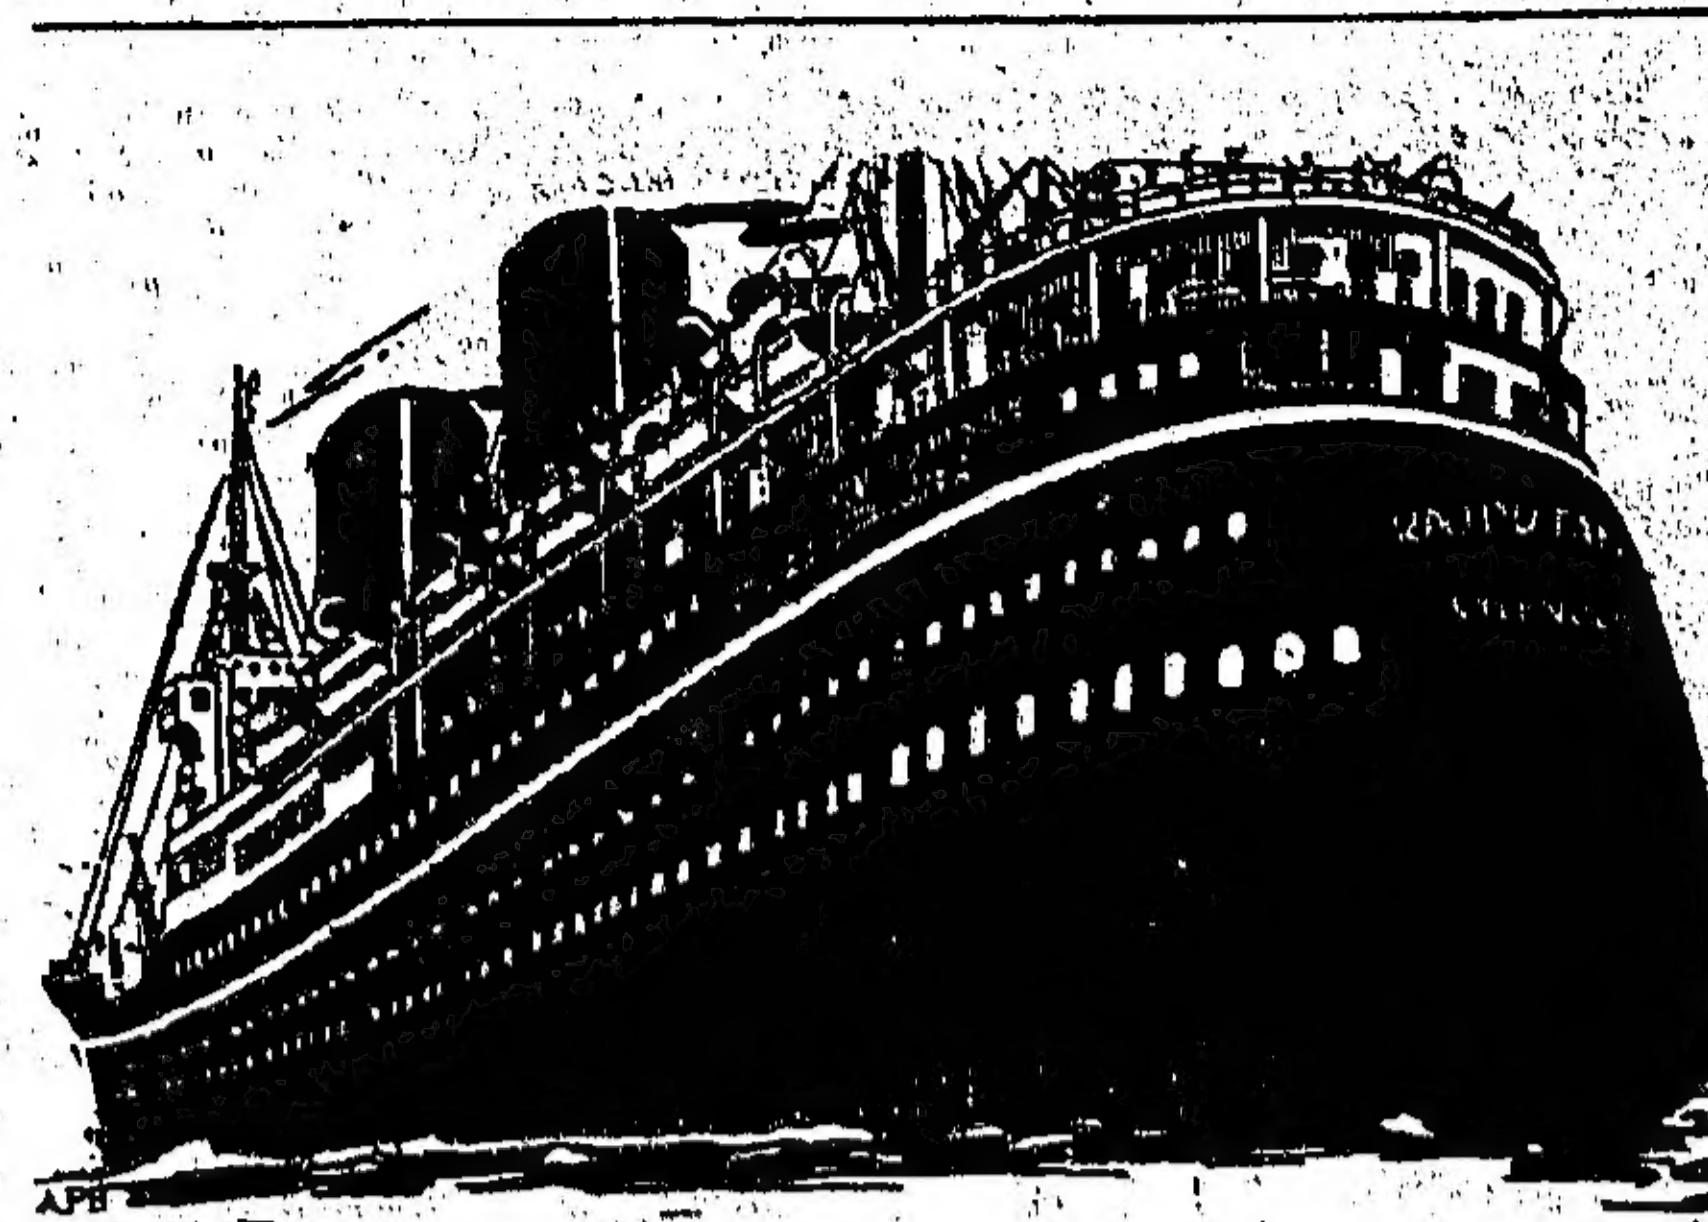

No Fiffs Insurance has, or will be effected by us in any case whatever.

Damaged packages must be left in the Godowns for examination by the Consignees, and the Company's surveyor, Messrs. Gobbo & Dowlat, at 10 a.m. on Monday and Thursday, within the Free Storage period.

Consignees are specially notified that it is necessary for a Revenue Officer to be present at the examination of damaged dutiable cargo.

All claims against the steamer must be presented to the Underwriters on or before 31st July, 1940, or they will not be recognized.

No claims will be admitted after the goods have left the Godown, MACKINNON, MACKENZIE & CO. LTD., Agents, Hong Kong, 10th July, 1940.

LAWN BOWLS

Continued from Page 2

obtained four 3's to win 23-9. O. P. Remedios was drawn against A. W. Brown who led at the first few heads but a 6 at the 7th gave Remedios a lead of two which he carried to the end though Brown was kept up equally well. Remedios won 25-17.

THIRD DIVISION

There were only two matches in the Third Division. The Indian Recreation Club were entertained by the Hongkong Electric R. C. and lost by five shots which were decided on the last three heads.

At the tea interval, the Indians were up 11 shots all-round but Thomson and Lunny made a splendid recovery later to retain the team's leading position in the Third Division.

A. F. Paul had no difficulty in beating A. M. Wahab, scoring 11 at the 6th head to win by 12 shots. Paul retained his 100 per cent win record in the Third Division and incidentally won the match for the electricians. On the adjacent rink, A. Baker had the better of G. G. S. Thomson, leading by 14 shots at the 10th head but he could not retain this and conceded 12 shots on three heads after tea which brought the Electric team within striking position for a win. The end was the Indian rink with six shots to their credit. S. M. Rumjahn had a flying start and led Lunny by 12 shots on the 12th but a magnificient after-tea recovery by Lunny—who was skipping for Sloan and was the outstanding player of the eight—almost carried his rink to victory. Lunny chalked up eight shots on the last four heads to bring the score to 21-22.

AT AUSTIN ROAD

The other game was decided at Austin Road when the Kowloon Bowling Green Club were at home to the Hongkong Football Club. Wallington had no difficulty with Hamilton, leading from the beginning, to end up 18-14.

L. A. Jordan, who proved too good for J. Watson, who was given the reins of a rink in the Third Division for the first time, gained a big margin of 17 shots as early as the 8th head but after that he was only allowed to add five shots to his tally. Watson tried well and made a belated recovery but the lead was too great for him to overcome and he lost by 25-15.

Big counts were witnessed when J. S. Dinnen was opposed to G. S. Graver. A 6 on the second head gave Dinnen a lead by eight shots at the 4th but he conceded six at the next three heads to lead by only two. He chalked up 7 on the following two heads to regain the lost margin and thereafter had no difficulty to carry the lead to the end, beating Graver by five shots 24-19.

FORECAST FOR SATURDAY
If the rain keeps off on Saturday day games should be decided without much difficulty. That is, if! Recreto 'A' will be at home to Kowloon Cricket Club and should have no trouble in overcoming them.

There will be an interesting game at Austin Road when the Indian Recreation Club will be entertained by the Kowloon Bowling Green Club. The latter are slightly more consistent and will have the advantage of green and should manage to win by a small margin.

There will be another match worth watching at Happy Valley when Civil Service Cricket Club will meet their neighbours, Police Recreation Club, on the (former) green. Both teams are playing equally good bowls but with the green to their advantage, the Civil Servants should just win.

Recreto 'B' will be visiting Kowloon Docks and will, I am afraid, face another defeat, provided Kowloon Docks can turn out their regular team.

Hongkong Football Club will play against the Craigengower Cricket Club on their own green but will find it difficult to beat the latter.

SECOND DIVISION

Craigengower Cricket Club are down to play Kowloon Bowling Green Club and should secure two points. A very interesting game will be witnessed at Kowloon Tong who will entertain Kowloon Football Club. Both teams are playing fine bowls but I fancy Kowloon Footballers will win by a narrow margin.

Police Recreation Club will be at home to Recreto 'B' but will find them very strong opposition. They

"GRAVE ANXIETY" HAS NOW BEEN REMOVED**Only Hope Of Deliverance Rests With Britain**

LONDON, July 10 (Reuters)—The Daily Telegraph says "It is inevitable that with very mingled emotions, the House of Commons had listened to, and the country will read an account given by the First Lord of the Admiralty, the latest achievement of our incomparable navy."

"So thrilling was the story of a gallant and decisive deed that it could not have failed to kindle the glow of national pride in any British heart; but such an effect must be sobered and saddened by the remembrance of the stern and painful necessity which dictated this signal of the naval occasion—the necessity of striking, not at an enemy, but at yesterday's friend and ally."

FAMINE THREAT

"Conquered peoples are rapidly being reduced to the condition of helots, working for German masters. Accumulated wealth of subject countries, whether in the hands of the rich or of the poor, and fruits of agriculture and current industrial production, will be systematically diverted to Germany to feed the war machine."

"Denmark, one of the greatest food producing countries of Europe, has already been stripped and is threatened, with famine. This is more than an expedient of war emergency, is shown by the proclaimed intention to reconstitute France as a peasant country—which means, in effect, to destroy the industries that have made her people prosperous in order that she may become a permanent granary for sustenance of the imperial Germans."

MISERY AGAIN

"While agricultural communities are reduced to misery that has been seen so many times in history, when peasantry had been exploited by the rapacity of absentee landlords, all other classes in the country must be correspondingly impoverished."

"From this regime of fear, slavery, ignorance and poverty, afflicting not the abstract state systems, but each individual man and woman, who passes under the Nazi yoke, there is now only one hope of deliverance."

IT DEPENDS UPON THE VICTORY OF THE BRITISH EMPIRE.

"We fight for the release of Europe from this loathsome tyranny—a cause worthy of endurance to the end, even if we did not know that Hitler has also aspired to fix his chains upon ourselves."

MERELY RETURNING BORROWED ARMS

LONDON, July 10 (Reuters)—Rumours that the British forces have disarmed the Egyptian Army have been categorically denied.

The rumours were based on the proposals which are at present under discussion in which the Egyptian Army is returning some of the borrowed equipment and the selling of arms to the British forces. These will be replaced by more modern weapons later.

This change is of a temporary nature and will benefit the Allied forces defending the Egyptian frontiers.

Offspring of such unions may or may not register depending on whether the parents consider them of Chinese or European race.

Indians, Malaysians and other British races must register.

If it is necessary to produce passports or birth certificates."

AND ABOUT TIME TOO!

In order to meet the situation created by the evacuation scheme, it was learned yesterday that the owners of considerable property in the Colony intend to make substantial reductions in rents to tenants who remain alone in their homes.

It is believed that in some cases rents would be cut by half but no such concession would be made in the cases where messes are formed.

In view of the fact that several new and modern flats in Kowloon are at present unoccupied it is considered possible that this voluntary lead will be followed by other landlords.

NO STANDARD ADDRESS

The Postmaster General Mr. A. D. Forrest, stated yesterday that no standard address has been formulated for the despatch of mails to evacuees in Manila.

"I do not know whether it is intended by Government to arrange a standard address later but I think my suggestion the other day would be found adequate."
